

We hereby provide information from our institution/department/industry to be included in the list of CCS-institution/industry to be published on the ACThomepage (www.act-ccs.eu).

1. Name of Institution:

ENSTA Paris, Institut Polytechnique de Paris.

2. Abbreviation:

ENSTA Paris

3. Department:

Chemical Engineering Department (UCP laboratory)

4. Speciality (ies) field within CCS:

- Phase equilibrium measurement and modelling
- Thermodynamic modelling and Process simulation (energy efficiency, exergy analysis)
- Safety of processes, kinetic modelling (reaction mechanism in gas and liquid phases), combustion
- gas separation and storage by adsorption in MOF.
